SamEE Hands-Free Hike System

Enjoy hiking with your dog in comfort and safety with our Hike Belt and hands-free BungEE Lead System!

- Colors:**
Belt: Black Belt with Aqua, Red, Blue, Purple, Raspberry, Copper or Black Webbing
BungEE Coupler: Aqua, Red, Blue, Purple, or Raspberry, Copper or Black
BungEE Lead: Aqua, Red, Blue, Purple, Raspberry, Copper or Black

Description:
 The contoured, padded hike belt is wider through the back than the sides, to provide optimum back support and dispersion of force. It features loops to attach a fanny pack, first aid kit or water bottle. It adjusts from 28" to 54" for a great fit during summer hikes or over winter clothing.
 Located on each side of the hike belt are 2 welded D-rings to hook each end of the tubular web bungee coupler. The coupler keeps the center of pull where it should be for balance and efficiency. At the middle of the coupler is a welded O-ring to snap one end of the soft, 1" wide tubular web bungee lead. The other end of the lead is then snapped to your dog's collar, or pack. The heavy-duty bungee lead stretches from 5' to 8'. Multiple bungee leads can be hooked to the bungee coupler to hike with more than one dog at a time!

The SamEE Hike System was invented by Lorrie McAllister, Chinookwind Samoyeds.

Lorrie has graciously permitted DSR exclusive use of her design for our rescue fundraiser. Thank you Lorrie!

Wolf Packs® Dog Packs

The Banzai™ dog pack is Wolf Packs' top of the line design. The durable construction will last for many hike seasons!

- Style:** Banzai
Colors: Red, Blue, Pine Green, Deep Purple, Orange
Sizes (Waist Measurement)
 Small 22"-30"
Fits most Samoyed / Golden Retriever Girls
 Medium 26"-34"
Fits most Samoyed Boys / Golden Retriever Boys / Malamute Girls
 Large 30"-40"
Fits most Malamute Boys
 X-Large 33"-46"
Fits larger Malamute Boys

Pack Description:
 Includes tough Ballistic nylon bush guards double as handy outer pockets that zip closed. Horizontal compression straps squeeze the load forward, toward the dog's shoulders (the strongest part of a dog's back). 3M Scotchlite reflective trim assures that your dog is visible to night time traffic. Tough Cordura Plus nylon fabric is used for the pack.

Fitting Your Dog:
 Your dog's measurement is taken around the body at the loin (or waist if they were human). This spot is about 2/3 of the way back, and is the area where the ribcage ends. Please do not measure the narrowest part of your dog's body, but move forward toward the ribs. Bring the tape measure all the way around the body and pull it snug and compare the measurement to the size chart above. If you dog measures less than 22 inches at the waist these packs will not fit correctly.
