Products are made of 100% nylon webbing that is soft, strong, color-fast and machine washable. Collars will not damage, cut or stain your pet's fur, even when wet.

Soft-Slip Collars

This style collar slips over your dog's head. The collar will tighten, which prevents your dog from backing out of the collar, but it will never choke your dog because of the limited slip design. Soft-Slip collars provide more strength and control than buckle collars. They are also legal in the AKC Obedience ring.

Soft-Snap Collars

A convenient side release buckle collar, is easy to put on and take off. Mini-Soft Snaps are perfect for color marking puppies.

Shipping charges will apply if the order is mailed.
